**Outlook for 2007 --- New Year words from Qu Weiqiang****展望 2007 --- 新年致辞 (联韬董事总经理, 屈卫强, CPIM CSCP)**

2006 年就这样在忙忙碌碌中匆匆而过。没顾得上回顾和留恋, 就发现在填写入关单的时候, 已经要写 2007 年了。

2006 是中国经济发展辉煌的一年。中国已经成为第四大经济强国, 上海港已成为全球吞吐量最大的海港, 中国正在成为全球第一大投资热土, 中国在基础设施的建设, 交通和通讯的发展速度已经没有其它国家可以媲美。不夸张地说, 中国的经济发展带动了全球的经济发

展。我们真为我们国家的进步感到自豪。而在这些进步和发展当中, 我们也都做出了贡献, 并且随之一起成长。

回顾联韬经历的一年: 中国 (包括香港) 有近千人人参加了 CPIM 培训和考试; 有 71 人已经拿到了 CPIM 证书; 2 人获得了 CSCP 证书 (不包括十二月份的考试, 因成绩还未公布)。越来越多的跨国公司加入到支持和引导员工参加 CPIM 学习和考试的行列中来。而那些已经获得 CPIM 称号的职业人们, 也用他们的专业能力, 证明了学习 CPIM 知识体系的提升作用, 并在自己职业发展上前进了一大步。

联韬在去年, 获得了 APICS, CPIM 培训教材的本地印刷授权, 将 CPIM 的书费降低了 50%, 促进了 APICS 知识体系在中国的推广, 提高了考生对知识产权保护的意愿。我们还获得了其它一些参考书, 比如 Tom Wallace 的销售及运营计划, 预测, 主生产排程的系列丛书的印刷权和翻译权, 现在正在翻译之中。

虽然我们在 2006 做到了很多, 但还是给我们留下了一些没达成的愿望。和大家一样, 我们在新的年里要继续努力, 为大家提供更好的服务。具体地说, 我们要和更多的企业, 院校, 培训机构合作, 为更多的职业人提供培训的机会; 翻译供应链领域的书籍, 让大多数的职业人跨越语言的障碍, 学习到管理领域的知识; 为已经获得和正在学习 APICS 认证的专业人士提供多种形式的交流的机会; 组织讲座和工厂参观等活动; 建立奖励机制等等。

我们衷心的希望大家继续支持, 参与我们的工作。

祝大家在新的年里身体健康, 事业有成, 家庭和睦, 当然还有取得 APCIS 认证!

Time flies – 2006 have come to the end before we even realize it is the time for a review. 2007 flowed out of my pen when I was filling the declaration form at the customs.

Issued on: Nov, 2006. -----We provide you supply chain solutions

2006 is a great year which has erected China as the 4th strongest economic power and Shanghai port has become the biggest traffic center in the world. Being an emerging no.1 investment hotspot, China has outstand itself in infrastructure construction, transportation and communication systems development from any other countries. We have all the reasons to say that it is China who have boosted the development of global economy. As Chinese, we are proud for the achievements which are accomplished by us all, and we have grown with it.

Back to ASCMS in 2006, we have reaped sweet fruits as well: including HK, in China around a thousand persons attended the CPIM training programs and tests; thereof 71 have already got the CPIM certificate and 2 got the CPSP certificate (maybe more, coz results of December tests have not yet come out); More and more multinational companies extend CPIM training program to their potential staffs and support learning and certifying; Those CPIMs proved to be more professional at the enhancement of APICS knowledge which ensured their further career development.

Besides, ASCMS was authorized to issue APICS, CPIM training materials locally last year which reduced the price of books by 50% and at the same time promoted APICS knowledge body within China and realized copyright protection. Also, we were authorized to translate and issue other reference books like the series of Tom Wallace: Sales and Operations Planning, Forecasting and Master Schedule which are now under translation.

Though we have done many things in 2006, there are more on our wish list. We will keep on working hard as most of you do so as to offer better service. To be specific, we are going to cooperate with more enterprises, institutions and training societies to provide training to more professionals; To translate books in supply chain field which will help most professionals to overcome the language difficulties and obtain updated knowledge in this area; To organize a variety of activities for certified and to-be certified professionals; To chair seminars and organize factory tours; To set up reward systems and etc.

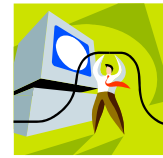

We rely on your continuous support and participation to our work.

Wish everyone a good health, wonderful career, happy family and of course, successful in APICS exams!

A Brand-new Stage---2006 APICS Int'l conference & Exhibition overview

一个全新的阶段---记 2006 年 APICS 国际会议及展览

奥兰多，明媚的阳光，湛蓝的天空，略微灼热的佛罗里达气候仿佛令人忘却了 11 月份中国早已进入的冬季丝丝寒意。一踏入奥兰多国际机场，你就会被头带米老鼠头饰的女工

Issued on: Nov, 2006. -----We provide you supply chain solutions

作人员以及随处可见的穿着印有迪斯尼卡通人物各式 T 恤衫的游客们所提醒，您来到的是全世界最大的迪斯尼乐园的所在地，所有米老鼠“粉丝”的天堂和欢乐大本营。

2006 年 APICS 国际论坛会议和展览于 10 月 28 日-31 日在奥兰多召开。本次会议及展览共吸引了全世界共 3000 名专业人士及相关行业人员、厂商的参与。历届 APICS 国际会议和展览一直以来是汇聚营运管理专业人士的一次学术交流和网络连接的盛大活动。这个会议将成为聚焦生产管理，库存，供应链，物料管理，采购和物流等方面营运管理教育的主要信息和知识源泉。

在崭新的奥兰多橘县国际会展中心，APICS 国际论坛会议和展览于 28 日开始注册登记，所有参加的人员都必须到设在大厅 APICS 客户服务中心领取相关的代表证件和会议日程安排资料。“彩虹”，非常有趣的资格认证彩条被大家戏称为“彩虹”，鲜明的标明了与会者的参会身份和专业资格认证。每种参会身份和专业资格认证都会以不同颜色的彩条来表明。比如草绿色的 CPIM，红色的 INSTRUCTOR 讲师，黑色的 CSCP，墨绿色的展商，等。有一些头发花白的老先生，身上挂的“彩虹”一直能垂到膝盖，成为一道独特的风景线。

2006 年 10 月 29 日上午，10:00，开幕式在能容纳 5000 人的最大的主会议厅举行了。APICS 的总裁及所有董事会成员和所有与会代表以最热烈的掌声共同欢迎来自世界各地的新老 APICS 会员和代表们。会上，全新的一批 APICS 管理层和与会的代表们逐一见面。会上，APICS 的总裁分别向一些对 APICS 知识体系传播和推广做出杰出贡献的个人和企业颁发了奖杯，同时也宣布了 2007 年 APICS 在全美的奖学金计划。简短的开幕式后，Mr. Burt Rutan 来自 Scaled composite, LLC 公司的一位 CEO 为所有参会者作了“突破传统思路”的主题演讲。

每天的会议由近 30 个教育专题演讲组成，参会者可以根据自己的需要，自由组织安排时间参与。除此之外，还有 APICS 精英管理学院，供应链管理论坛，APICS 认证项目介绍推介，领袖高层对话等多个活动同时进行。国际展览从 29 日起开始，共有超过 200 家展商参与，每天近 3000 人次参观。值得注意的是联韬 ASCMS 作为唯一一家来自中国地区的展商吸引了不少参观人士的兴趣。每天，午间和晚间各另有 APICS 或赞助厂商举办的欢迎酒会，为所有参加的嘉宾提供了多个社交场合。

这是一次精彩的大会，明年 2007 将在美国中部的丹佛举办，希望明年联韬能够和更多的中国企业一起参加，向世界展示中国供应链管理的成就。

让我们在丹佛再相会！

Orlando, blue sky and sunny day with glowing Florida climate makes us forget that China has already been the winter season on November. You will be reminded that you are entering the biggest Disney world by those female staff in Orlando Int'l airport, who wears Mickey mouse headgear and many dressed cartoon picture T-shirt visitors. Yes, here is the Fans collection of Mickey mouse and happiness heaven.

The 2006 APICS International Conference and Exposition was held from 28th Oct-31st Oct in Orlando, which is the educational and networking event of choice for operations management professionals. The conference is the premier source for operations management education with a concentration on production, inventory, supply chain, materials management, purchasing, and logistics.

In the brand new Orange County Convention center, the conference registration was opened on 28th to all participants, who are required to get related badge, meeting and activities agenda and the “rainbow”, which represents the professional designation and identification of participants by colorful bars. Each color represents identification, example like Green CPIM, Red APICS Instructor, Black CSCP, Dark green exhibitor, etc. Some whitehead gentlemen with a long “rainbow” drop down to the knee became a special view.

29th, Oct, 2006 10:00 am, the general session & opening was held in the biggest main hall, which can contain over 5000 people. The APICS president and all board members welcomed all participants with warm applause. The new APICS management team also showed their faces to all participants. Few awarding sessions were held by the APICS president to appreciate the excellence of individual and corporation, meanwhile year 2007 scholarship program has been announced as well. After the short opening, Mr. Burt Rutan the CEO from scaled Composite, LLC made the main speech on “breakthrough traditional thoughts” for all participants.

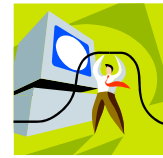

There are 30 educational sessions every day, participants can arrange personal schedule per interest. Furthermore, APICS leadership institute, SCM forum, APICS certification program promotion, leadership dialog, etc were held in parallel. The Exhibition started from 29th, and attracted over 200 exhibitors and 3000 daily participants. ASCMS as the only Chinese exhibitor presented on exhibition, which attracted many visitors' interest. There were social welcome session and cocktail reception every noon and night, which brought many networking opportunity for all participants.

This is a successful meeting, 2007 it will be held in middle of US--- Denver, we hope more Chinese enterprises may join us together to present China Supply chain achievement.

Let's meet in Denver next year!

New strategy of APICS---few highlights

APICS 推出对全球新策略及动向

Issued on: Nov, 2006. -----We provide you supply chain solutions

在刚刚闭幕的 APICS 全球大会上，我们高兴地看到了 APICS 董事会推出了新的全球发展策略。

自 1957 年成立以来，APICS 一直是以北美为核心。虽然在全球 28 个国家已经有了 63 个考试中心，但其知识体系的传播仍局限于英语；在北美的考试费用较低，而且是计算机考试；本土的 APICS 会员可以享受较多的权益，等等。随着 APICS 知识体系的广泛传播，ERP 系统的普遍应用，愈来愈多的北美本土以外的制造业应用 APICS 知识体系来改进物料管理和运营管理。并且制造业的重心不断地从美国转移到发展中国家，APICS 的理论，方法和实践也被带到了更多的第三世界国家。无疑，先进的管理体系将大大地改善发展中国家的工业管理水平，但英文的知识体系又极大地阻碍了其传播和应用。在中国这样的英语普及程度还较低的国家，几乎只有外资企业的雇员才具备学习的条件。不仅如此，即便是美国南部的墨西哥，路易斯安那等洲，由于该区域有很大比例的人群讲西班牙语，也在呼吁多语种的到来。

APICS 也意识到这一重大发展步骤的急迫性，在本届全球大会上提出了新的全球发展战略。其中包括：逐步推广多语种；开发北美以外的计算机考试系统；为国际会员提供更多的会员利益等等。这些新策略的推出立即受到与会的国际代表的热烈响应。

我们相信，随着 APICS 全球发展战略的逐步实施，越来越多的中国的企业管理者将会通过学习 APICS 的知识体系，提升其管理能力，并带来中国企业管理水平的提升和发展。

At the APICS conference and Exposition, we were happy to see that APICS Board announced the new international strategy.

Since found in 1957, APICS had been centered in NA. Although there are 63 testing centers of 28 countries, the body of knowledge is still limited in English. Moreover the exam fee of certification is much inexpensive in NA, computer-based computer only applied in NA and Mexico, more benefit for NA membership, etc. Along with the spread of APICS BOK system worldwide and ERP popularity, more and more manufactures out of NA apply APICS BOK to improve the material management and supply chain management now. A lot of NA enterprises moved their manufacturing sites from NA to developing countries. This helped spreading APICS BOK out of NA. No doubt, the application of advanced management systems will greatly changed the management level of developing countries. But English only is one of the barriers. In countries like China, English wasn't very popular, almost only the group works for multi-country companies can learn the knowledge in English. Even in US, some southern states, like New Mexico, Louisiana, and call for multi language due to a big portion of popularity are Spanish speakers.

APICS realize the exigency of the transition, develop the new international strategy, which includes: develop multi-language version of BOK gradually; setup CTB testing

Issued on: Nov, 2006. -----We provide you supply chain solutions

worldwide; provide more benefit to international membership, etc. This new international strategy was welcome greatly by all international participants of the conference immediately.

We believe, more and more Chinese supply chain and operation professional will enhance their competency by learning APICS BOK, along with the implementation of the new global strategy. And it will bring up and develop the management level of Chinese enterprises.

ASCMS---a China presenting booth on 2006 APICS Exhibition

联韬---2006年 APICS 国际展览上的唯一中国展台

2006年 APICS 国际论坛和展览会于 10 月 28 日至 31 日在美国奥兰多橘县国际会议中心隆重举行。此次展览会吸引了每天超过 3000 人次的访问量，共计超过 200 多家参展厂商。其中不乏一些国际 ERP 巨头，如 SAP, QAD, ORACLE 等。

值得注意的是，联韬作为中国唯一的参展企业也首次在这一 APICS 国际盛会上布置展台参加展览。虽然，联韬的展台不如那些国际巨头的展台气派，但小小的展台也吸引了不少来访者。除了一些在中国有分支机构的跨国企业总部的中高级专业人士，同时也有一些工作在他乡的华人同胞们。大家纷纷为联韬能够代表中国参加此次展览而兴奋不已，同时也为联韬能够将 APICS 知识体系带入中国，致力于提升中国制造业管理水平为己任而表示认同。

期间，联韬的工作人员向来访的人士介绍了 APICS 知识体系在中国从无到有的 18 个月历程。令人称奇的是，短短的 18 个月内，已经累计有超过 1200 人次参加了在中国举行的 APICS 考试，其中有 83 人通过的 5 门课程的考试拿到了 CPIM 的认证资格。增长的速度是不少国外同行所惊讶的，中国企业和专业人士对 APICS 知识体系的追求也为大家赞赏。

会议展览期间，有超过 30 多家跨国企业的代表表达了对联韬能够为其在中国合资或独资企业提供供应链管理领域的专业培训和 CPIM 课程的初步意向。同时，也有不少企业对联韬目前为很多企业多身定做的企业内训课程也表示了很大的兴趣，并纷纷表示要进行进一步的接洽，争取合作。

我们衷心的希望明年能够有更多的中国企业走入 APICS 国际论坛和展览，为推广 APICS 知识体系，展示国内供应链管理水平和添砖加瓦。

28th-31st, Oct 2006, APICS Int'l conference and exhibition was hold in Orlando Orange county International conversation center. The exhibition attracted over 200 exhibitors and daily 3000 participants. You may easily find those ERP giants like SAP, QAD, Oracle,

etc.

ASCMS as the only Chinese exhibitor presented our status on the APICS International exhibitor and attracted many visitors even the booth is not as luxury as those big names'. We have met not only mid and senior managers many from multinational companies, which have Chinese JV or branches, but some Chinese who worked in US. All of them feel very excited that ASCMS represent the only Chinese exhibitors joined exhibition. Meanwhile ASCMS initiatives are widely recognized by those visitors that ASCMS have bought the APICS Body of knowledge to China and promote advanced operation management in China.

During the exhibition, ASCMS introduced the past 18 month of APICS BOK development from zero to over 1200 accumulated candidates on the APICS exam in China. Among them 83 certified as CPIM though 5 modules examination, the growing speed is tremendous and appreciated by many visitors.

Over 30 multinational companies shared their interest to work with ASCMS for providing public supply chain training as well as CPIM training for their Chinese organization. Meanwhile, lots of companies are very interested on customized on site training courses provided by ASCMS and expressed further intentions of future cooperation.

We sincerely wish there will be more Chinese enterprises to join us for next year APICS int'l conference and contribute to Resource management in China.

Introduction of New Books --- the Series of Tom Wallace
